### Join Our Team:

This is a fantastic opportunity for an individual to join our expanding team at an exciting time as we bring new clients and continue to expand our product portfolio using modern and emerging web technologies. At Keyzo, we pride ourselves on going above and beyond our client's expectations and continuously deliver fantastic results.

### What We're Looking For:

We're looking for someone that has a passion for PHP, HTML5, CSS, JavaScript and database technologies who can prove and demonstrate their proficiency via a portfolio of work. The candidate would need to be proactive and highly driven in the following areas;

- Working on exciting client projects developing core technical functionality and responsive interfaces from designs provided by our in-house design team.
- Provide accurate estimates with regards to work and work to a schedule.
- Maintain a high level of awareness of the industry and trends, particularly with regards to development.
- Keep abreast of usability standards and emerging technologies.
- Be a team player and positively communicating with team members & clients.
- Work hard to keep Keyzo's development ahead of our competitors, positioning yourself and the company as specialists in web development

## Person Specification:

### ESSENTIAL:

- Has a minimum of 3 years' experience in being involved with Web and Software development
- Minimum of 3 years of experience and standards developing systems using PHP, MySQL, HTML5 and JavaScript (jQuery)
- High knowledge of Linux servers
- Has an up to date portfolio of relevant work (please include links/URLs with CV)
- Excellent communicator, both written and oral
- Works well under pressure to meet deadlines both independently and as a team member
- A meticulous attention to detail
- Self-motivated and hard working
- Excellent coding skills and good understanding of the necessities of cross-browser production
- Ability to receive feedback and constructive criticism positively
- Customer focused and places a high value on quality as a prime driver of outcomes
- Desire and willingness to learn
- Able to work well independently, whilst being a strong team player

*\*Although not a requirement specifically for the role itself, due to the location it is essential that applicants have a full driving licence and access to a vehicle*

### DESIREABLE:

- Experience of WHM/cPanel/AWS
- Experience with Symfony
- Educated to A Level/Diploma or equivalent

## Location:

Our Headquarters are situated in the quiet village of Kirmington, which is approximately one mile from Humberside Airport. We're surrounded by the picturesque Lincolnshire countryside, which is ideal for a lunchtime walk. The local pub and St Helen's Church are just a couple of minutes away.

## Benefits:

- Free onsite parking
- Chill out zone (at head office), includes darts board, pool table, TV, comfy seating, free drinks
- Choice of hardware
- Bonus scheme
- Competitive pay
- Flexible working options
- Pension scheme

To apply for this role, please e-mail your CV and a cover letter to: [jobs@keyzo.co.uk](mailto:jobs@keyzo.co.uk)
