Job Title: Full Stack Software Developer (Mid to Senior)
Reports To: TBC

Summary and Main Purpose:

Keyzo IT Solutions Ltd have an exciting opportunity for an experienced mid to senior Full Stack Software Developer to join our highly skilled software development team.

As specialists in developing cutting edge software solutions for a range of industries which are marketed on a global scale, this is a fantastic opportunity for a highly skilled individual to join our development team.

Key Responsibilities:

- Working on our web applications using PHP, Javascript, HTML5
- Being responsive and customer focused to ensure our clients needs are met
- Being part of our development roadmap team, developing new modules for our software
- Working with the development team to improve the performance across our web applications
- Being creative and coming up with new ways to enhance our products using the latest technologies

Qualifications & Experience:

The ideal candidate will be highly driven in the following areas:

- Minimum of two years commercial development experience.
- A graduate in Computer Science (or similar technical qualifications/experience).
- Providing accurate estimates with regards to work and work to a schedule.
- Maintaining a high level of awareness of the industry and trends, particularly regarding development.
- Autonomous in personal development, keeping abreast of usability standards and emerging technologies.
- Must be a strong team player.
- Work hard to keep our software ahead of our competitors, positioning yourself and the company as specialists in our software solutions.

Location:

Headquartered in Kirmington, North Lincolnshire we're surrounded by the picturesque countryside. The local pub and St Helena's Church are a couple of minutes' walk away; offering a great place to relax and think-up the next innovative business growth idea.

How to apply:

If you're passionate about what you want to achieve, highly experienced and want to join a fantastic company please contact us at jobs@keyzo.co.uk. In addition to your CV, all applicants must include a covering letter explaining why you are right for this role.

This vacancy is not open to agents.
